

Huntingdon Town manager Laurence Revell on their 4-0 win against Rushden and Higham:

"Tonight (Wednesday) we entertained Rushden and Higham in our third home game of the season.

Having bowed out of the FA vase with a whimper against Mildenhall Saturday we were keen to maintain our good form in the league. Most teams have only played 4 games but the results are all over the place proving how competitive this league actually is.

Rushden were a bit of an unknown having just unveiled new management earlier in the week. We really had no idea what to expect so we just focused on us rather than our opposition.

We had a couple of injuries after Saturday so brought some new faces in to cover.

We started well and took the lead when a wicked cross was turned in to his own net by the Rushden Center half. To be fair if he hadn't made the intervention the ball would have been turned home by one of my waiting strikers.

Rushden didn't really trouble our keeper and the half ended 1-0. After the break we added to our tally with Jez Goodson-Williams and Corey Kingston notching as well as another OG.

A pleasing performance after the disappointment of exiting the vase at the first hurdle. This Saturday we are away to Saffron Dynamo which I am sure will be a very difficult challenge."
